

---

Hello,

I am writing to express my interest in the Full Stack Developer internship at BCG X. With a background in economics and a passion for problem-solving, I transitioned to coding through a 1337 coding school, where I gained proficiency in languages like JavaScript, TypeScript, Next.js, Nest.js, and C/C++.

This experience not only expanded my skill set but also fueled my enthusiasm for crafting efficient solutions to complex problems. The structured learning and hands-on projects at the coding school equipped me with practical skills and a mindset focused on continuous learning and innovation.

I am excited about the opportunity to apply these skills as a Full Stack Developer at BCG X.

Thank you for considering my application.

Sincerely,

Mohamed Elazhari.
